

Group 3 Homework 20.10.23

Spelling and maths tested on: Friday
27.10.23

Other task: Wednesday 25.10.23

Please practise your spellings using your
spelling journal. Instructions sent separately.

6.3 Know the number of grams in a kilogram, mil-
lilitres in a litre, millimetres in a centimetre and
metres in a kilo-

Fact File:

1000g = 1 kg

1000ml = 1 litre

10mm = 1 cm

1000m = 1 km

How many metre
is a 5km run?

Top Tip: remember litres
refers to liquid - they both
start with an L

Column Addition questions:

Don't forget to write on the calculation when you have needed to regroup (carry
over).

1.					2.					3.				
	4	5	5			2	7	1			5	9	0	
+	4	3	6		+	1	4	3		+	3	4	5	

Column subtraction questions:

Don't forget to note on the calculation when you make an exchange!

	7	0	8			4	3	5			1	8	6	
-	3	6	5		-	1	2	7		-		9	1	

If you need resources to help you, do you have any lego, pasta, smarties or other small
items that you could use on a home- made place value chart?
