Adventure

Rock Climbing

Have you ever been rock climbing? You should, it's so much fun! I don't mean scrambling on rocks in the wild. That's fun, but you should always have an adult with you. I mean rock climbing on a wall!

We call it the wall even though it's not made of bricks. It's covered in colourful blocks that are called "holds". Some of these are bigger than others. They are better for putting your feet on. The smaller ones are just about big enough to grab with your fingers.

I've completed the biggest wall at our centre. It's a hundred feet tall! When I climb, I'm attached to a safety rope. My dad stands at the bottom and "belay" me. That means he keeps the rope tight. I fall off a lot, but the rope means I just hang there until he lowers me!
