# The Whoopsit

The whoopsit has nine claws on his big paws. His fur is black and brown. He lurks in a dark cave at the top of a hill. The cave is so high up that it is near the clouds. He sings a tune all day long in the summer. He likes to shout and moan in the winter. We saw his footprints in the mud near the river. Some people are afraid of the whoopsit but I am not. I hope that I can meet him and we can play games all day long.
