You will need to choose one activity per week from this side of the grid. You only choose two from this area.

 PSHE	Who is your role model? Create a poster about your role model. You could include a photo and explain why you look up to them. What have they done to inspire you and other?	Make a slide show about YOU! Include things that you are good at and things you would like to get better at this coming year.	Goal setting: Think about something you would like to get better at. Make a list or chart to help you achieve your goal - make it look really bright and colourful!
 PE	Set up a circuit session in your house or garden for your family. Put some music on and do it together.	Go out for a walk/run/bike ride with your family.	Create an experiment to test your heart rate (or someone else's). Take your heart rate at the start, do some exercise and test it again. What do you notice? Can you draw a graph to show your results?
 Geography	Carry out some research about a country in North America. Create an information page on the computer, or in your book.	Draw a map of North America and identify the human and physical features of the country. Label the countries and the capital cities.	Explain the location of a chosen country in North America. Use the compass directions and neighbouring countries to help you. Write it in your book.
 Music	Research some famous clarinet players. Write 5 facts about them in your homework book.	Listen to some of your favourite music and do something else you love at the same time (or not!). Simply enjoy the music and relax.	Choose a song you enjoy and see if you can find some music online that we could play in our clarinet lesson.
