|                                |  |   |

You will need to choose one activity per week from this side of the grid. You only choose two from this area.

Can you find out 5 facts about Antarctica?

Imagine you were going with Shackleton to Antarctica. Draw and label the things you would you pack.

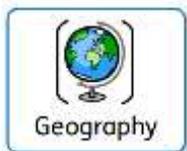

Can you find out a fact about Felicity Aston?

Go on a sound walk and see how many different sounds you can hear.

Using only your body - how many different sounds can you make - clapping, clicking, tapping etc.

Create your own percussion composition - draw pictures to remind you which action comes next - clap clap stomp click etc.

Can you find Fiji using Google maps?

Make a packing list to go on holiday to Fiji

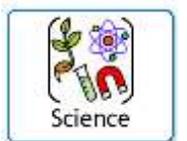

Make a list of the things which are the same and different about Dishforth Airfield and Sigatoka in Fiji

Create a design of a vehicle - draw it in your homework book and label it.

Using construction toys create vehicle to carry your favourite toy.

Using cardboard boxes create a home for your favourite toy.

Can you find and draw items made from these materials? Glass, wood, plastic, metal. Why have they been made from those materials?

Design a new waterproof coat for Tiresome Ted. What materials will you use?

Have a look in your garden. Can you find any animals? Draw the animal and their habitat.
