You will need to choose one activity per week from this side of the grid. You only choose two from this area.

 Maths	Rehearse adding and subtracting skills using foods. For example, you could have 5 chocolate buttons, eat 3 and see how many you have left. Write down the calculation as you create. E.g. $5 - 3 =$	Go on a walk and add the house numbers together as you go. If you are in the car can you add the numbers of the car registration plates.	When you go out on a walk (if able to) or when watching tv, take/ use a piece of paper and write down all of the numbers you see. When you get home put them in order from smallest to biggest.
 English	Find a quiet spot and read a book. Ask someone to take a photograph of you there – email it to admin@dishorthairfield.n-yorks.sch.uk	Write 5 sentences about activities you like to do and why.	Go for a walk and record one thing for each of your senses – what you could see, hear, smell, touch and taste.
 Art	Go for a walk and collect as many different flowers and press them.	Look at the different colours of the flowers around you can you draw a colour three different flowers.	Be a photographer Borrow your parents' phone or ask to take your iPad on a walk and take lots of photos of the different flowers you can see.
 Computing	Find out about the technology in your home	Ask an adult about their use of technology when they were your age	If you have access to a computer or a tablet, have a go at digital painting. You can try Cbeebies Painting Lab
 PSHE	With someone in your household, design a worry monster. You could draw your monster or you could make it out of junk modelling resources. Let the monster gobble up your worries.	Make a poster about YOU! Include things that you are good at and things you would like to get better at this coming year.	Think about something you would like to get better at. Make a list or chart to help you achieve your goal - make it look really bright and colourful!
